SUMMARY

I am a College Student Majoring in Computer Engineering. I currently work with HTML, CSS, Typescript, Go, C and C# to build projects. I've started with Web Development with Svelte/Sveltekit/Astro and ExpressJS/Fastify/Go for backend, and I'm currently working towards building CLI tools and TUIs with Go. I am also currently learning Haskell & Rust.

EDUCATION

Bachelor of Engineering (Computer Engineering)

Datta Meghe College of Engineering

CGPA - 8.6/10

09/2025 – 07/29

Airoli, Navi Mumbai

SKILLS

Web Frontend

React, Preact, Svelte/Sveltekit, Astro, Qwik

Web Backend

expressjs, fastify, net/http (Go), socket.io

Native Development

React Native, Capacitor, Tauri, Electron, ElectroBun

CLI / TUIs

cobra-cli & BubbleTea (Go)

Databases

Postgres, MySQL, SQLite, MongoDB, Redis, Neo4j

Misc

Microsoft Excel, Powerpoint, Adobe Premiere Pro, Photoshop, Figma, FL Studio, Audacity

AWARDS

Hackathon Winner — Hacktoon 2026

Anjuman-I-Islam Kalsekar's Technical Campus

28/03/2026

PROJECTS

TradeBull

A Virtual Trading Simulator, Same Feeling & Zero Risk.

Built a web-app with React + Express / Socket.IO to make a Gamified Player-vs-Player Stock Trading Simulator that pulls real-time data of stock prices from Finnhub. Won Hacktoon 2026 @ Anjuman-I-Islam Kalsekar's Technical Campus

02/2026 – 03/2026

Mahal

opensource Spotify-esque Client for Locally Installed Music.

A lightweight music-player built using Tauri, Sveltekit, SQLite, ffmpeg to bring the brilliant UI/UX design of Spotify to desktop with support for natively installed music

04/2026 – Present

Mangase

Revolutionizing Digital Mangas

Building a highly content driven digital-comic serving website with revenue sharing with creators and self publishing mangakas with Astro + MongoDB + fastify + GraphQL

05/2026 – Present

INTERESTS

Music Production — Producing Music w/ FL Studio since 2020 in Acoustics, EDM/House, Jazz, Orchestral.

UI/UX — Observing/Analyzing popular UI designs, what makes them popular and recreating them w/ Figma.

Game Modding — Created Mods for Minecraft with ~73.2k downloads across projects.
